CURRENT & SAVINGS ACCOUNTS

Current accounts are integrated with banking infrastructure for card handling and payments in the Nordics. Additional products and services such as credits, debit cards, virtual cards, micro savings and mobile wallets can be attached on demand.

The solution handles payments as direct debit and e-invoicing, recurring payments and standing orders, overdraft handling including reminders and automated debt collection, customer notifications and annual assignments, tax reporting, reporting to general ledger and data warehouse, as well as compliance requirements built-in.

Enquiries, updates and capitalization of transactions are updated real-time and distributed to all channel solutions. Deposits & Savings are delivered as responsive services for online banking such as pc, tablets and mobile devices, both for consumers and corporates, offering the optimal customer experience.

Savings accounts can be linked to withdrawal restrictions or as security for a loan or credit.
